

1st Summer School in Experiment and Behavioral Economics
POSTER PRESENTATIONS

Place: Kokkinaki Building (facing Amphitheater Δ7, where the main lectures will be held)

Poster Session 1: Tuesday, August 27, 17:30-18:30		
Title	Author	Affiliation
Cooperation under Endogenous Institutions: Direct Democracy vs Indirect Democracy	Selin Arslanoglu	Tilburg University
Strategic Interactions Between Language Models-based Agents in Beauty Contests	Siting Lu	University of Edinburgh
Rule Following and Cooperation	Pierce Gately	University of Nottingham
Promoting cooperation among adolescents in social dilemma situations	Johannes Netzer	University of Innsbruck
Meta-Analysis of Distributional Preferences Estimates	Massimiliano Pozzi	University of Zurich
Intertemporal Choice and Time Perception: Does subjective time perception account for dynamic inconsistency?	Theodoros Delimaris	Lancaster University
In-group favoritism in early life and the role of the social environment	Maike Schlosser	University of Konstanz
Improving Life Insurance Choices: The impact of a calculator intervention	Michelle Lee	University of Melbourne
Emotional Rhetoric and Populist Politicians Entry in the European Parliament	Vincent Verger	CREST - Ecole Polytechnique
Comparing Oranges to Oranges: A Field RCT on Team Incentives and Productivity	Ana Lleo-Bono	University of Cambridge
Luck and redistribution	Andrea Pogliano	Erasmus University Rotterdam
What do consumers know about government spending and do they care?	Adrian Schröder	University of Münster
Preferences regarding price-based versus regulatory policies and their determinants	Leonie Matejko	Ruhr Graduate School in Economics/RWI--Leibniz Institute for Economic Research
Making sense of gene edited food: A review of consumer preferences and discussion of industry implication	Jia Han	University of Reading
Information Avoidance in Groups	Woo Marcelo	University of Nottingham
Punctuality and optimal departure time under uncertainty	Polus Anton	Higher School of Economics
Patent licensing in a Cournot duopoly: An experimental approach	Theocharis Antonios Papaioannou	University of Crete
Examining the effect of Cialdini's persuasion principles on influencer marketing using IAT: The case of Gen Z females from Serbia and North Macedonia	Mila Anastasova	Impala Research
Fairness and Morality Concerns Driving WTP in the Galapagos Islands: An Experimental Elicitation	Ivan Gonzalez Gordon	Ruhr University Bochum

Poster Session 2: Wednesday, August 28, 15:15-16:15

Title	Author	Affiliation
Can AI Bridge the Gender Gap in Competitiveness	Evangelos Mourelatos	University Of Oulu
Adaptive Behaviour in an Epidemic: An Evolutionary Approach	Yating Shen	University of Edinburgh
Feeling Unheard - The Rise of System Disbelief	Mathilde Draeger	University of Magdeburg
Poor Planning: Investors who save regularly save less overall	Indigo Jones	University of Orleans
Cheating Aversion and Image Concerns in Credence Goods Markets	Siyu Chen	University of Arizona
Concerns about rising prices may raise prices	Fidel Petros	WZB Berlin and Berlin School of Economics
How Narcissists Match and Play in Games	Eva Spantidaki-Kyriazi	University Pompeu Fabra
Hyperinflation Expectations: An Experimental Study	Ranim Assi	University of Cyprus
Adapting to the Unavoidable: The Role of Background Risk in Shaping Cooperative Responses to Climate Change	Hao Luo	University of Göttingen
Incentive design in coordination game	Jierui Yang	Tilburg University
Portfolio Rebalancing: Necessary but seldom performed	Monika Maria Burckhardt	University of Mannheim
Shared Responsibilities for Inconvenient Truths: An experimental Study	Hwee Bin Koh	University of Mannheim
Learning to Win by Fearing to Lose: Exploring the Positive Effects of Loss Aversion on Academic Achievement and Motivation in Education	Antal Ertl	Corvinus University of Budapest
Trust in the Age of AI: How Gender Bias Perceptions Shape Interactions with ChatGPT	Hanna de Boer	University of Bonn
Consistency of Rationality Measures	Shu Wang	Tsinghua University
Implicit preferences in organic and conventional consumption: Experimental evidence from choices in the lab and field	Hana Dadic	University of Bern
Attention and Valuation for Sequences of Rewards	Zijian Zark Wang	University of Warwick
Beyond Words: Non-verbal Cues in Virtual Collaborations	Michelle Hörrmann	Karlsruhe Institute of Technology
Changing prospects: A prospect-theoretical explanation of streak-dependent betting behavior	Ákos Miklós Balázs	Corvinus University of Budapest

Poster Session 3: Wednesday, August 28, 16:15-17:15

Title	Author	Affiliation
Talk helps, but excess talk hurts: the swing voter's curse and deliberation	Yuxuan He	Tilburg university
Belief formation over sequential financial predictions: Humans vs. AI	Theo Herold	Hanken School of Economics
Conveniently Biased	Daniele Mauriello	Bonn University
Expert predictions and errors in research funding decisions	Andola Stanaj	Politecnico di Milano
What's in for us? Support for energy transition policies through co-benefit narratives and moral universalism	Zarah Thiel	Ruhr-University Bochum
Decision-making procedures in general vs. concrete problems: Using AI for elicitation	Rom Severin	Tel Aviv University
Driving Behavioral Change for Economic and Social Transition	David Cristelo	University of Luxembourg
Getting Blamed for following AI Advice? — An Investigation of Responsibility Attribution in Human-AI Collaboration	Simon Merz	University of Halle
The Quitting Game: The role of Resilience in Dynamic Game Settings	Lazaros Antonios Chatzilazarou	City University of London / London School of Economics
The inequality that wasn't: How behavioral frictions shape job search	Ola Aboukhsaiwan	London School of Economics and Political Science
Social Identity and Sustainability Crowdfunding	Raphael Gottweis	Vienna University of Economics and Business
Overestimation or overplacement? A Meta-study of gender differences in overconfidence	Erika Domotor	University of Cyprus
Loss Aversion in Auctions: Evidence from TV	Anna Esslinger	University of Freiburg
Culture and Religion's influence on Expectations of Future Development of AI and Cybersecurity: A behavioral Economics Perspective	Kuzmanovic Vesna	European Center for Peace and Development
Voluntary Report of Standardized Test Scores: An experimental Study	Marty Haoyuan Chen	University of Maryland
Unfairness as an Excuse: Dishonesty Through Motivated Reasoning	Li Xinyu	Nanyang Technological University
The Role of Intermediary Networks in OTC Markets: An Experimental Approach	Mingyang Yan	Nanyang Technological University
Gender Bias in Promotability Decisions	Anna Shcherbiak	Vienna University of Economics and Business
Path Dependent Innovation-An Experimental Study on the Effect of Knowledge on Idea Generation and Idea Selection	Rika Stoczek	Leibniz University Hannover

Poster Session 4: Thursday, August 29, 16:30-17:30

Title	Author	Affiliation
Working under Distractions	Yang Zhong	University of Amsterdam
Donations in the Digital Age: Effects of Human-Robot Interaction on Donation Behavior	Danièle Hafner	University of Bern
The Effect of Individual Wealth on Investment Decisions under Different Bankruptcy Rules: An experimental study	Fatih Mehmet Senyurd	İstanbul Bilgi University / Koç University
Co-Existence of Giving and Heterogeneous Taking Options in A Threshold Public Goods Game: An Experimental Study	Cankut Kuzlukluoglu	Berlin School of Economics
The Effect of Tax Uncertainty on Firm Decision-Making	Maik Sattelmair	University of Mannheim
The Effects of Disclosing Information on Consumer Financial Behavior: Evidence from a Financial Well-Being Score	Emanuel Renkl	Technical University of Munich
The private solution problem: A 34- nation experimental study	Eugene Malthouse	University of Warwick
Does information about tax shifting shift tax preferences?	Fabian Bohme	Ifo Institute
The Trade-off between value and strategic risk in an Uncertain World	Andrea Salvanti	Universitat Pompeu Fabra
Saliency, Statistics and Contrast	Leon Landes	Ruhr Graduate School & Ruhr University Bochum
Work Over Just Cash: Informal Redistribution among Employers and Workers in Kampala, Uganda	Jeremia Stalder	University of St. Gallen
Willingness to complete in a "dirty" competition	Sahar Sangi	University of Amsterdam
Gender Differences in Preferences and Beliefs: The Role of Biological Sex and Gender Expression	Evrin Belli	Tilburg University
Gender Differences and Quota Mistakes in College Admissions in Brazil	Tanzhou Liu	University of Lausanne
Altruistic excuse to risk. An Experiment on Prosocial Risk-Taking	Federico Atzori	University of Cagliari
Complexity and Higher-Order Rationality: An Experimental Study	Jiaying Li	The University of Edinburgh
Impact of Generative AI Information on Vocational College Students' Career Preferences: a Randomized Controlled Trial	Ziyue Zhu	Maastricht University
Adam Smith's Distinct Perception of Human Nature	Antonios Mathioudakis	National and Kapodistrian University of Athens
Automation, Labor for Demand and Investment: Experimental Evidence	Samuel Maeurer	University of Mannheim

Poster Session 5: Thursday, August 29, 17:30-18:30

Title	Author	Affiliation
The dynamics of incentives: a field experiment in gyms with conditional incentives	Gabriele Ballicu	University of Cagliari
Determinants of Parenting Style: The Role of Personal Experiences, Beliefs, Constraints and Parental Knowledge	Jill Amend	Düsseldorf Institute for Competition Economics
Merit or Luck? The Role of Inequality in Learning Opportunity on Hiring Decisions-MouseLab Study	Hooman Habibnia	Vienna University of Economics and Business
Formation and Intergenerational Transmission of Economic Preferences in very early Childhood	Theresa Schaezle	Max Planck Institute for Research on Collective Goods
Belief formation and information search about school quality	Constance Frohly	Sciences Po Paris
Purposeful education - a randomized controlled trial in vocational high schools	Sara Helene Rønningstad	University of Stavanger
Competing against stereotypes	Argun Aman Hild	University of Mannheim
P-GendR, Gender and personality in the academic research	Jalabert Nicolas	University of Strasbourg
When Science Challenges Beliefs: Experimental Evidence on Public Support for Science	Ülkü Bıçakçı	Ifo Institute
Caring about Others and Blaming Yourself: Eliciting Blame-Averse Social Preferences in a Laboratory Experiment	Horia Guias	Barcelona School of Economics/Universitat Pompeu Fabra
Narratives, Self-Control and Prosocial Behavior	Alessandro Salis	University of Sassari
Collusion through worker mobility: An experiment	Kushal Lamichhane	University of Arkansas
Employee Autonomy in the Timing of Subjective Performance Evaluation	Michèle Kaeser	University of Bern
Belief formation over sequential financial predictions: Humans vs. AI	Theo Herold	Hanken School of Economics
Conveniently Biased	Daniele Mauriello	Bonn University
Expert predictions and errors in research funding decisions	Andola Stanaj	Politecnico di Milano
The Predictive Validity of Emotional Intelligence: Can Emotional Intelligence be used to predict future Employee Performance?	Theofilos Bentsis	Panteion University of Social and Political Sciences
The structure of sustainable investment demand	Marcel Spieke	Johannes Gutenberg University Mainz
